Goodmorning everyone. Heres the scores for the october shoot. Thanks to Barb for adding up all the scores for me. Saves a lot to time for me. We had two new shooters with us on Sunday. It was a joy to see new faces at the shoot. One new face is Kendall Haug. He joined the club so we shall see a lot of him in the future. The other was a friend Of Killer McBash and his name was Fusty McNasty. It was a joy to shoot with them both. Stoney Creek Jack could not make our shoot as he was with a friend trying to ELK hunt. Badlands Dave and Hawkbill were busy stepping out the fence and figuring out where to put the new stage. Everyone else must of had something going on as there was only ten of us shooting. The weather was great the sun came out and warmed everyone up. There was a nice gentle brezze blowing so it cleared away the black powder smoke so we could see the targets. Well everone take care and we shall see you in November. Remember this is the last shoot for 07. Greg.
